Fashion Show
&
Costume Marketplace*

Program Guide

October 7, 2012

Crowne Plaza, Ventura

Welcome to Carnevale Ventura's first event!

Ventura County is home to thousands of historical re-enactors and artisans. So, it's not surprising that the notion of an Italian Renaissance faire here has enjoyed near universal enthusiasm. These creative individuals have produced this very special Fashion Show to help everyone get into costume for the fabulous Carnevale Ventura festivities from February 8—10, 2013.

Mission Park in downtown Ventura is ideally located for art and cultural activities. The newly-expanded Museum of Ventura County, is especially important, housing the premiere collection of Historical Figures by artist and historian George Stuart.

Carnevale Ventura is totally inspired by his Renaissance & Reformation Figures, including the infamous Borgia family. Pope Alexander VI and his notorious offspring are being brought back to life through carefully crafted, full-sized replicas by the region's best Renaissance designers.

The non-profit Historical Figures Foundation, developed Carnevale Ventura, and many other educational projects to bring the works of George Stuart to the public. For more about Foundation activities, visit our websites at www.carnevaleventura.org and www.galleryhistoricalfigures.com

Our special thanks go to Angel Jones for organizing the Fashion Show, and inspiring a fabulous group of volunteers and sponsors to make it all happen. But stay tuned, Carnevale Ventura festivities are just a few months away!

Finally, our appreciation and thanks goes to George Stuart for devoting more than half a century to creating four hundred incomparable Historical Figures and sharing them with his countless admirers and fans worldwide.

All the best for a great Fashion Show experience!
